Instructions:

1. Download the worksheet and print a copy.
2. Begin by decorating the top piece of your flower card, the cut-out flower. Colour it using crayons, markers, or paint.
3. For the base of the flower card, begin this activity by discussing diversity and brainstorming related words. Then, participants can create their individual Harmony Week Diversity Flowers, which will be displayed together.
4. Decorate the base piece of your flower card by adding words related to harmony, diversity, and inclusivity to the petals. You can also include a message around the flower's edge.
5. Apply glue to the grey "Glue" section in the centre of the base piece. Align the top flower and press down to secure. Let it dry.
6. Your Harmony Week Diversity Flower is now ready to display, gently lift each petal to reveal the words underneath.
