Instructions:

1. Start by downloading and printing the Do's and Don'ts worksheet.
2. Carefully cut out each action box from the bottom of the page.
3. Decide whether the action helps (Do) or harms (Don't) the environment.
4. On your worksheet, you'll see two columns labelled "Do's" and "Don'ts". Sort each action into the correct column.
5. Use glue to paste each action box under the correct heading.
6. Add colour or draw eco-friendly images like trees, animals, recycling bins or the Earth on the worksheet.

DO'S

Separate trash

Separate trash

DON'TS

Drop litter

Pollute the water
